

## Vacancy

### Permanent Inhouse Rope Access IRATA Level 3 Technical Authority (Fulltime)

Location Noord-Scharwoude, the Netherlands

**Please note: Temporary workers/subcontractors are not considered for the position.**

The Rope Access IRATA level 3 technical authority (permanent position) has the leading role in the development and execution of our rope access operations and certification (IRATA). An exciting and dynamic role in which you will be responsible for maintaining our procedures contributing to the ongoing evolution of Redak. The position is based in the Redak Head office in the Netherlands.

### Who are you?

You're an experienced, motivated, and ambitious individual with strong leadership skills. You are based in the Netherlands, and you possess the skills to motivate and lead our technicians in their daily operations. Your communication, networking, and teamwork skills are exceptional, and you have the ability to work closely together with different departments. You are safety minded and are motivated to help us maintain our high standard of work and safety.

### Role & Responsibilities

- Providing safety management, onsite organization, and leadership to teams on various projects.
- Leading and maintaining an inhouse IRATA department and leading the operational execution of rope access projects.
- Implementing specialized knowledge of rope access techniques and procedures and keep all our IRATA documentation and IRATA certification up to date.
- Ensuring operational safety and certification of all equipment.
- Working closely together with the Operations Manager regarding projects and with clients and onsite operations to ensure the job meets operational excellence.
- Required to travel out of town on a periodic basis.

### Profile

- Valid IRATA LEVEL 3 certification.
- Preferably previous supervisory experience.
- Preferably GWO/VCA certificates.
- Comprehensive knowledge of work techniques and legislation.
- Valid driver's license.

- Motivated, ambitious, and willing to grow.
- Productive mindset.

### What we offer

We offer an environment where people feel comfortable to share ideas and thoughts and embrace a workplace where all people can thrive and continuously grow. You will become part of a young and dynamic team in a fast-growing industry. A suitable salary and attractive benefits are included. Are you ready to climb that wind turbine and embark on a journey with us? Email your cover letter and resume to [work@redak.nl](mailto:work@redak.nl).

### Additional information

Work location is in Noord-Scharwoude, the Netherlands.
